"My name is Mandee Cloud. My address is [REDACTED]

[REDACTED]. My date of birth is 12-04-75.

"I am over the age of eighteen and am competent to make this affidavit. I have personal knowledge
of the facts stated in this affidavit and they are true."

"This is an affidavit at the request of David Carpenters defense attorney through his investigator. I have never met his defense attorney or spoken to him on the telephone. I have never felt manipulated by the attorney or the investigator or various investigators over the years. I would never speak to investigators over the years, before a year ago because I was told by prosecutors that David would not get the death penalty they led to me. So I felt why should I trust any one else. I dont believe ^{me} in the death penalty, but now my children are getting older where they understand the proceedings and more than any thing they dont want ^{me} their Dad to be put to death. My boy friend at the time that the police were asking me questions about what happend which just before the police came to me about David I believe that John Cloud (boy friend at time) had anonymously turned my mother in to the police for an outstanding warrant and I believe that John Cloud turned David in to the police because he knew that David was fixing to get out and knew we would get back together and he didn't want that, he pressured me into cooperating with the police and the prosecutors he (John Cloud) said that if I didnt they would take my kids away from me. Now I realize his motives but at the time I did ^{nt} not. I believe John Cloud played me so that David and the kids and I could never be a

Family again. My children and I know that David's execution date is approaching and this is why I now come forward. I was ^{NOT, MC} diagnosed as bipolar at the time of the trial the prosecutors knew I had anxiety attacks and was taking Zoloft. I felt pressured by the police and prosecutors and by my boyfriend at the time John Cloud. The police and prosecutors would show up at my house many ^{MC} times and at my work to make me go to their car and talk but most times they took me to the police station and would keep me there for hours.
